Dear Hugh, Aynesworth

The enclosed pages of FBI reports are for your friend at WFAA. They will show that the print I'd like is available commercially and at the Archives only less clearly than I want for the court records. The clearest available copy is the one I showed you in Post Mortem.

Tom Dillard, who was very helpful, said he "supposed the federales" had not returned his negative, the best of his three being missing.

These reports show that WFAA gave the reel of film to the FBI. If it was not returned they know where to look.

Who knows - the future might give it some value. If I have my way it will.

Best,

HW 6/18/77
